--- About Us ---

JW Shaw Electric, Inc. is a Commercial Electrical Business, servicing the Detroit Metro area since 1998. As a Trusted, State Licensed and Insured Electrical Contractor, we service and install power systems, lighting, network integration & control system equipment. New Construction, build-outs, and power upgrades are always on time. Installations range from power and lighting panels, transformers, server & network wiring as well as UPS equipment coupled with fast quick starting Generac generators.

Expert Services Provided to:

- ❖ Office buildings (small to large)
- ❖ Medical & Urgent Care Health Centers
- ❖ Banking and Financial buildings
- ❖ Manufacturing buildings
- ❖ Industrial Controls & Automation
- ❖ Retail Centers
- ❖ Hotels & Restaurants

Call and schedule a walk-thru for your facility needs today. After reviewing your project, our sales team will email out your proposal.
